

The Critics Are Raving About This Cameo® Performance.

In its new leading role, the Cameo® series from Craftmade deserves the star's spotlight in your lighting showroom. Only the Cameo gives you:

- an integrated three-lamp light kit, with glass included
- TCS® remote control standard – for fan speed, reverse and light dimming
- six blades with a 60" span
- lifetime limited motor warranty

The Cameo fan is shown here in verdi green with natural pine blades. It's also available in white, polished brass and antique brass, all with the glass shown included. And all ready to perform in your showroom.

For a closer look at Cameo, contact your Craftmade representative, call us at 1-800-527-2578 or come see us at Showroom 3701, Dallas Trade Mart.
