

U.S. Patent Nos.  
D428986 and D430931

# It's your turn to fly Solo.™

**SOLO** Introducing "Solo," the newest fan from Craftmade. So singular in appearance, with such clean, contemporary lines it stands alone, making its own strong statement.

Custom blades are fitted into blade arms seemingly sculpted from the housing itself. The integrated halogen light kit completes the picture, making Solo the very essence of "sleek."

Call us or your Craftmade representative or visit our new showroom. And test fly one in your showroom today.

**Craftmade**

Quality ceiling fans and lighting.
