

Terrace

*Craftmade's Terrace® fan—
Because beauty
shouldn't be
confined indoors.*

More and more, homeowners are expanding their entertaining to include patios, terraces and porches. The new Terrace fan by Craftmade lets them bring to the outdoors, the same quality décor they enjoy indoors. The elegant lantern styling adds taste to any terrace, panache to any patio. Choose compatible lantern sconces to complete the ambience. The Terrace series is available in three finishes – rustic iron, flat black and antique white – and is U. L. approved for damp locations.

Matching wall sconces complete the outdoor look.

Call us or your Craftmade representative or visit our showroom. Isn't time to open a beautiful new outdoor world for your customers?

 **Craftmade**

Quality ceiling fans and lighting.
